

www.wondervalue.com

The original. And still the best.

Over the years the CP961[®] Multi has become more commonly known as the **wonderValve**. A fitting title for a valve that's the market leader when it comes to saving water, energy and money. Want more proof? Then simply visit www.wondervalue.com and click on the interactive **water and energy calculator** to watch the savings add up. Just another superb idea from **Cottam and Preedy**.
